Augustine, St. Homilies on the Gospel according to St. John and his first Epistle. Translated, with notes and indices. 2 vol. 8°. (Lib. of Fathers.) *Oxf.* 1848-49

St. Augustine, according to Calmet, is particularly distinguished by his excellent work on St. John, for it may be said that as St. John excels the other Evangelists in his sublime knowledge of Mysteries, so St. Augustine excels all those who have explained this last of the Evangelists.

"This volume is replete with the various learning of the author. There are few sources from which illustrative matter was to be obtained which have not been ransacked in order to throw light upon the sacred text. The numerous short, pithy, pertinent extracts made from the writings of the Fathers, form by themselves a very valuable body of notes, full of fresh and vigorous matter, and replete with the very spirit of primitive truth."—*Literary Churchman.*
